Revenue Share at eXp

Agents at eXp can receive revenue share from the people they sponsor into the company.

Revenue share is paid by eXp company dollars and doesn't reduce agent commission, and there's no limit to the amount agents can earn.

80 to 100% Commissions

eXp's commission split is 80/20 with a \$16,000 yearly cap on the first \$80,000 gross commission income. After that, agents earn 100% for the remainder of their anniversary year*.
