

Press Release Template Guidelines

The press release templates are for you to customize and share your news – whether about joining eXp or a professional achievement. Please note, this is not an official eXp Realty press release. The company typically does not provide quotes for press releases.

1. **Pick a template:** There are two versions – “Joining eXp Realty” and “Announcing a Professional Achievement”. **In order to edit either template, you will need to click File and then make a copy.**
2. **Fill in the blanks:** Replace the [bracketed] areas in the press release template with your information. The state doesn’t need to be there in all instances, but marketing will help you.
3. **Add Relevant Content:** Find ways to make the release interesting to the reader. If you intend to use the names of any other companies, or any registered trademarks, you will need to obtain written permission from the company or trademark holder to do so.
4. **Pick the timing:** Are you hosting a local event or speaking, is there a relevant local event, is there an event for the award recipients? Combining your announcement with other news can be more interesting to a reporter.
5. **Get approval from eXp marketing:** All releases must be pre-approved prior to distribution. Once approved, the release cannot be modified without additional approval for the modifications. Send questions and/or the completed template to pressreleases@exprealty.net.
6. **Turnaround time:** We will respond with questions or approval within two business days.
7. **Share the news:** There are a lot of ways to do this -- email your local newspaper’s real estate or business editor, post it on your website and share via social media. When contacting local reporters, it is helpful to highlight your focus area and any community involvement.
